

***Inc.* Magazine Unveils 35th Annual List of America's Fastest-Growing Private Companies—the Inc. 5000**

**InfoTech Resources makes the 2016 Inc. 5000
with Three-Year Sales Growth of 50%**

NEW YORK, August 17, 2016— *Inc.* magazine today ranked InfoTech Resources on its 35th annual Inc. 5000, the most prestigious ranking of the nation's fastest-growing private companies. The list represents a unique look at the most successful companies within the American economy's most dynamic segment— its independent small businesses. Companies such as Microsoft, Dell, Domino's Pizza, Pandora, Timberland, LinkedIn, Yelp, Zillow and many other well-known names gained their first national exposure as honorees of the Inc. 5000.

"We are thrilled to receive the news that InfoTech's commitment to quality service and client satisfaction has resulted in this kind of growth. We at InfoTech are all proud of the recognition and to be part of the Inc. 5000. Since our founding, the primary goal of InfoTech has been to provide best in class customer satisfaction and recruiting excellence, and that goal continues today."

- Bob Moore, Founder and President

"The Inc. 5000 list stands out where it really counts," says Inc. President and Editor-In-Chief Eric Schurenberg. "It honors real achievement by a founder or a team of them. No one makes the Inc. 5000 without building something great— usually from scratch. That's one of the hardest things to do in business, as every company founder knows. But without it, free enterprise fails."

Methodology

The 2016 Inc. 5000 is ranked according to percentage revenue growth when comparing 2012 to 2015. To qualify, companies must have been founded and

generating revenue by March 31, 2012. They had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2015. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2012 is \$100,000; the minimum for 2015 is \$2 million. As always, Inc. reserves the right to decline applicants for subjective reasons. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000>.

InfoTech was founded in 1994 to provide high quality technical staffing services to clients and IT professionals in the greater Chicago area. Since the inception, integrity, trust and technical competence have been at the core of how we conduct business with clients and talent alike. Our values and approach guide us in how we approach every search, how we service our clients and support our consulting staff. We take great pride in the contributions our consultants have made and continue to make to client projects and also in the overall tenure of our consulting team. Learn more at: www.itresources.com
